

Psychiatrist

Zone # 1: Moncton and Surrounding Area

THE CITY OF MONCTON

As the largest city in New Brunswick and one of the fastest growing in Canada, Moncton offers abundant opportunities to build a rewarding career while enjoying a balanced lifestyle. The city has a diverse business environment where the transportation, technology, and tourism sectors are leading the way. There is an equally active recreational atmosphere that includes sporting, a vibrant arts and culture scene, and many family activities. Moncton residents also enjoy affordable real estate, quality French and English education, and a growing multicultural community. With a desire for continued growth, the city is committed to immigration and offering the best opportunities for you and your families.

Moncton is also near some of New Brunswick's greatest natural attractions. Parlee Beach, which boasts the warmest salt water in Canada, is a 15-minute drive from the city. Fundy National Park, which has the world's highest tides, and Hopewell Rocks Provincial Park, with massive sea stack formations, are also nearby.

THE WORKPLACE

Practicing Psychiatry in Moncton and the surrounding region offers a dynamic mix of inpatient, outpatient, and specialized mental health services. The Moncton Hospital—one of two hospitals serving the area—is a 380-bed, level 2 trauma centre that provides a wide range of specialty services and acts as a tertiary referral site for New Brunswick, PEI, and northern Nova Scotia. It is also home to the provincial Child and Adolescent Psychiatry Unit, offering specialized assessment and treatment for youth. Psychiatrists in Moncton support both hospital-based care and Horizon's community mental health programs, including crisis response and outpatient services, with innovative initiatives such as expanded after-hours psychiatry clinics improving access for patients across the region. This variety of settings allows psychiatrists to build a fulfilling practice with opportunities across acute care, youth psychiatry, and community mental health.

The Psychiatry team in Moncton consists of 8 adult psychiatrists and 3 child and youth psychiatrists.

THE POSITION

The Moncton hospital provides a comprehensive range of psychiatric specialist services including:

- General Adult Psychiatry
- Child and Youth Psychiatry

- Addictions and Mental Health

Clinical excellence, an interest in teaching the health care professions and a keen interest to work effectively on interdisciplinary teams involving all levels of health care providers are essential attributes in our growing, collegial environment.

THE OFFER

Base salary range \$362,517 - \$440,740 plus fee-for-service billing opportunities. The compensation range was recently renegotiated as part of the Physician Services Agreement (PSA) negotiations. In accordance with the negotiated agreement, compensation rates will increase annually through 2028, with the agreement scheduled for renegotiation in 2029.

This salaried position also includes paid time off (vacation and education leave), health/travel insurance benefits, sick benefits, employer paid contributions to our pension plan.

Successful applicants may be eligible to receive the following:

- Recruitment incentives available with a return of service.
- Moving expense reimbursement is available.
- Provided administrative support and office space.

Additional financial benefits offered by the Horizon Health Network, Government of New Brunswick or New Brunswick Medical Society include:

- CME reimbursements per year for registration and travel costs
- Generous CMPA reimbursement (currently 100% of annual dues)

YOUR RESPONSIBILITIES

Our ideal candidate will collaborate with other Physicians, Nursing and other Allied medical staff in the following areas:

- Community-based Addiction and Mental Health (AMH) team providing consultations and longitudinal care to patients via in-office, virtual and in-home/LTC visits
- Close collaboration with our outstanding Medicine colleagues including consultations to in-patient units
- ECT Service

All members of our department are expected to provide:

- After-hours and weekend on-call coverage for adults and children, providing care for inpatients and consultation to the emergency department (paid stipend and fee-for-service billing)
- ECT Service
- Clinical supervision of medical students and residents

(Note: These responsibilities are the basic and prime duties associated with this position; other related and allied duties may be assigned from time to time as may be necessary to the operation of Horizon Health Network.)

YOUR QUALIFICATIONS

- You have a Medical Degree from a recognized medical school and postgraduate studies (residency) in the field of Psychiatry.
- You have experience in collaborative multidisciplinary Addiction and Mental Health care.
- You have Certification by the Royal College of Physicians and Surgeons of Canada, and a valid license through New Brunswick College of Physicians and Surgeons of New Brunswick (CPSNB) and become a member of the NB Medical Society.
- You practice medicine in a manner compatible with the Health Authority's mission, values, and strategic directions. <https://horizonnb.ca/about-us/our-promise>.

The physician must also meet continuing education requirements, adhere to departmental and health authority policies, comply with relevant legislation, and follow professional ethical standards set by regulatory bodies.
